

Silicon Valley Innovation Trip for Swedish Lawyers

April 13-16th, 2026.

A Legal Immersion in Silicon Valley

The legal landscape is undergoing a radical transformation driven by Artificial Intelligence and rapid technological innovation.

This exclusive, four-day immersion program in Silicon Valley is designed to give you as Swedish lawyers an unparalleled competitive edge. You will gain valuable insights and engage in meaningful exchanges with your American counterparts and other key players in the legal industry.

- **Gain a Future-Proof Perspective:** With different perspectives on AI regulation and innovation set in a highly dynamic environment, you will be uniquely positioned to advise your clients in Sweden on the most critical challenges of tomorrow.
- **Become Tech-Savvy and Informed:** Participants will return home more tech-savvy, better informed on law and innovation, and equipped with new perspectives to benefit their clients in Sweden.

Understanding the busy lives of lawyers, we will ensure the schedule includes time to stay connected to your work back home. We will also make sure participants have the opportunity to experience some of San Francisco's classic sights, including the Golden Gate Bridge and other iconic landmarks.

The Swedish-American Chamber of Commerce

SAN FRANCISCO / SILICON VALLEY

Founded in 1948, The Swedish-American Chamber of Commerce in San Francisco & Silicon Valley (SACC-SF/SV) has a long and proud history as a leading facilitator of transatlantic trade and knowledge sharing between Sweden and Northern California. With a strong regional presence and national reach, the Chamber supports companies in navigating the U.S. market and establishing a successful foothold in the American business landscape.

Maria Ingesson (Board Member of the Chamber & Vice President and Deputy General Counsel at Workday, Inc.) and Lova Wahlqvist (Associate at the Chamber & former Legal Engineer at Legora) have both witnessed and worked in the growing intersection between law and technology in recent years. We see huge potential in bringing Swedish lawyers to the Bay Area and have created this program to facilitate meaningful exchange, insight, and learning.

We hope to see you in April!

Lova & Maria

4-day program

DAY 1 Arrival and Welcome

1 Arrival and check-in.

Welcome reception, networking mixer, and dinner fostering connections with Swedish peers in the bay.

DAY 2 Academia and Team Sweden

Exclusive Session with Stanford Law School: Engage with leading legal tech faculty to explore the foundational legal challenges of AI from a top US academic institution.

Hands-On Masterclass: Participate in a practical workshop on Legal Operations, AI utilization, and advanced prompting techniques tailored for lawyers with Maria Ingesson (Workday) and Lova Wahlqvist (ex-Legora).

Team Sweden Engagement: Connect with Nordic Innovation House, Vinnova, General Consulate, and Business Sweden to identify opportunities for scaling Swedish legal innovation in the US market.

Group Dinner.

4-day program

DAY 1 Meet the Forefront of the Industry

3

Critical Compliance Briefing: Gain a deep understanding of the evolving AI legal landscape, with a focus on the key differences in safety, governance, and compliance between the EU and the US.

Founder & Practitioner Dialogue: Meet US startup lawyers and leading legal tech founders who are actively reshaping the industry.

Inside Big Tech: Get an exclusive behind-the-scenes look into how major technology companies run legal operations, design AI governance models, and approach in-house legal strategy.

Evening free for exploring.

DAY 2 Applied Innovation & Wine Tasting

4

The Legal Tech Challenge: An intensive, structured Hackathon where you apply your new knowledge to solve a real-world legal process challenge that you are currently dealing with in your work. Experience practical innovation in a safe environment with instant feedback from peers.

Concluding the program with a world-class Wine Tasting in Napa and/or Sonoma, offering a relaxed setting for final reflections and celebrating new partnerships.

Further Details

LOGISTICS

The program begins on Monday, April 13, with an afternoon welcome reception, followed by three full days of curated visits, expert sessions, and immersive activities. The experience concludes on the evening of Thursday, April 16.

All logistics, including accommodation, scheduled visits, and group meals, will be fully coordinated on your behalf. The only exception is the flight to San Francisco, which participants will book individually.

PRICE

The early bird price for the trip is **\$4,999** which includes all scheduled activities, and all shared meals, but does not include accommodation or flights to San Francisco.

We also offer a fully arranged option where we take care of hotel bookings and logistics. The price for this option is **\$7,499** (excluding flights).
